Earthly Delights: Cultivating the Gardener – a horticultural event inviting visitors from all over the tri-state area to shop from distinguished vendors for rare plants, distinctive garden antiques, as well as attend lectures and demonstrations from nationally known speakers. The focus is on education and the many ways to increase awareness of gardening and public gardens in New Jersey.

- **WHERE**

The home and garden of Andrea Filippone

129 Pickle Road, Pottersville, NJ 07979 *If using GPS enter the town as Califon, NJ

- **WHY**

New Jersey's incomparable horticultural institutions are places where people can experience nature and appreciate our rich historical and always growing works of landscape art - and they all need our help. The event's second annual beneficiary is New Jersey's Keep it Green Campaign. Their mission is to secure a long-term stable source of funding for the acquisition of open space, farmland and historic sites as well as the capital improvement, operation, maintenance, and stewardship of state and local natural areas, parks and historic sites in New Jersey. This work is guided by the belief that every New Jersey resident deserves well-maintained, accessible neighborhood parks, wildlife areas and historic sites. Please check out their website: njkeepitgreen.org.
